Bags for special purposes

Characteristics:

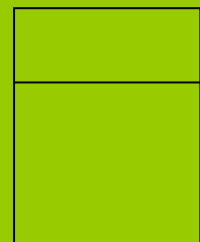

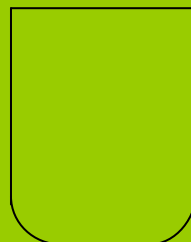

- LDPE, MDPE, HDPE
- types: string bags, adhesive tape bags, round bottom bags, aprons
- 8 colours flexo-print
- consistent quality control
- guaranteed traceability

We also produce bags equipped with string with reinforced aluminium eyelets for carrying and/or tightening.

Bags with adhesive tape are intended for customers needing to close manually packaged items without sealing (calendars, magazines).

For deep-frozen food packaging we developed special round-bottom bags, increasing the volume and enhancing packaging characteristics.

We also produce single-use LDPE aprons for cutting houses and hairdresser's shops.
