

Bags with bottom sealing

For packaging of heavier loads robustness (load capacity and seal strength) of bags is the key factor. We achieved this by increasing thickness (up to 200 microns) and applying a special bottom seal to our bags. In order to increase volume side gussets are also available. Furthermore, we produce pallet covers for protection of palletised good against dust, UV light and wear and tear.

- ### Characteristics:
- LDPE, MDPE, HDPE
 - side gussets for increased volume
 - strong sealing
 - special types: pallet covers, sheets
 - 8 colours flexo-print
 - printed gusset
 - consistent quality control
 - guaranteed traceability

Bags with bottom sealing	
Material:	LDPE, MDPE, HDPE
Print:	2-sided flexo-print up to 8 colours
Bag width:	330 mm - 2.650 mm
Bag length:	100 mm - 1.200 mm
Bag thickness:	LDPE 30 my - 200 my MDPE/HDPE 25 my - 100 my
Type:	individual bags or sheets, pallet covers
Side gussets:	min 40 mm

Economical Eco friendly Tear resistant
