

Construction films

Responding to the needs of construction industry we produce LDPE mono-films, half-sleeves, sleeves and folded sleeves for covering and protection. Films, made from recycled material, are available in different colours (black, variegated or transparent), dimensions (1-4 metres) and thicknesses (50-150 microns).

Characteristics:

- recycled LDPE
- UV resistant
- available in different dimensions
- consistent quality control
- guaranteed traceability for each roll (control number)
