

LDPE films for granulates

Our LDPE films are designed to meet special requirements for automatic packaging of granulated materials such as load capacity and sealing properties. Furthermore, parallel to classical LDPE films and cooperating closely with our clients we developed a new kind of foil, namely the papermatch film.

Characteristics:

- high load capacity
- excellent sealing properties
- flexo-print up to 8 colours
- consistent quality control
- guaranteed traceability for each roll (control number)

LDPE films for granulates

Material:	LDPE
Colouring:	transparent, white, ...
Print:	flexo-print up to 8 colours
Film width:	600 mm - 1.600 mm
Film thickness:	50 my - 200 my
Tube:	76 mm

Economical Eco friendly Tear resistant
