

Shrink film

Main features of our transparent LDPE thermo-shrink film are its high transparency and high capability of shrinking. The latter makes it suitable for group packaging of different products (such as mineral water, juice, beer, sugar, different food articles) whereas the former accentuates the outlook of packaged goods.

Characteristics:

- thermo shrinking according to customers' needs
- high transparency
- stabilization of packaged goods
- 8 colours flexo-print
- consistent quality control
- guaranteed traceability for each roll (control

Thermo-shrink films
